TRƯƠNG VĂN TUẤN

JAVA WEB DEVELOPER

CAREER OBJECTIVE

Hello, my name is Tuan. I come from Ha Tinh. I'm on the learning journey to becoming a Java Web Developer and beyond to be a Java Expert.

I am a self-motivated, hardworking developer and so excited to begin my career path by looking for an internship/fresher at a Company composed of driven professionals. I am looking to explore my career options in the IT sector as a Java Backend Developer.

PERSONAL PROJECT

GG-Admin | e-commerce web admin (in processing)

Web admin used to operate and manage e-commerce sites: product, orders, marketing, user management.
